

The New GLA 45 AMG 4MATIC Edition 1 for limited sales

- **The world's most powerful four-cylinder engine (360 hp) to be series produced**
- **Exterior design focusing on motorsport spirit: special aerodynamic parts and decal**
- **Sporty and exclusive interior with AMG performance seats**

Mercedes-Benz Japan Co., Ltd. (President: Kintaro Ueno; Head office: Minato-ku, Tokyo) launches a new special limited edition in commemoration of the market launch of the new GLA 45 AMG 4MATIC, the high-performance model of the new compact GLA-Class SUV derived from Mercedes-Benz tradition. Fitted with model-specific exterior/interior features, the "GLA 45 AMG 4MATIC Edition 1" underlines the unique charms of the GLA 45 AMG 4MATIC even further. Beginning today, a total of 600 orders can be placed for the new special edition of the compact AMG SUV through the nationwide network of authorized Mercedes-Benz dealerships.

The new special edition is based on the GLA 45 AMG 4MATIC, the compact SUV powered by the AMG 2.0-liter four-cylinder inline turbo engine with direct injection developed by Mercedes-AMG. The exterior design of the Edition 1 focuses on the car's affinity to motorsport with features including special aerodynamic parts (flics and rear spoiler), a special decal on the sides, and AMG 20-inch light-alloy wheels in ten-spoke design, painted in matt black. In addition, the front spoiler lip, side skirts, rear diffuser, and roof rails are finished in high-gloss black, while the radiator grille, exterior mirrors, rear diffuser, and light alloy wheels sport red accents, presenting a sharp contrast with the black elements and making the car look even more aggressive.

In the interior of the GLA 45 AMG 4MATIC Edition 1, the AMG performance seats that ensure excellent lateral support in corners and the AMG performance steering wheel with Alcantara®-covered grips, encourage the driver to drive more dynamically. The AMG E-SELECT lever sporting an embossed AMG Affalterbach emblem and a special "Edition 1" badge help create a special ambience.
